

Dear Parents,

Thank you for downloading this project life-friendly travel journal. Here are some tips on how to get the most from this journal:

Print this out on nicer paper to make it more fun for the kids. Pack it with a few crayons, color pencils and markers for the children to complete the prompts while on vacation.

Print out one for each day and for each child and give it to them at the end of the day. In this way the journal is daily overview of what they did on their trip.

-or-

Print out several copies and allow the children to fill it out every couple of days. This could be a nice activity for the kids to do when quiet time is needed.

-or-

Print out one copy for each child and fill in the prompts at the end of the trip. They can reflect on just their favorite and most memorable moments.

-or-

Cut the cards and hand them out randomly to your children throughout your trip.

The space allotted for each prompt allows the child to either write or draw their thoughts. If the young traveler wants you to write it down, that's ok, too. There is no right or wrong way to fill it out.

I hope you and your children create wonderful memories on your travels and enjoy reflecting on them with this journal.

Ann at Travel Turtle

This is a journal of my trip.
